

MAKE SOME ART OVER BREAK

- Get permission from an adult before using any supplies or leaving the house!
- Note how you feel before and after making the art...do you feel better or worse?
- All the art will be different, be creative with what you have. Make a little or make a lot!

- Use 3-4 pieces of junk mail to make art
- Draw things you can see: the view from a window, your hand, your foot, a toy
- Make a sculpture from recyclables or food packages that are empty (cereal boxes, frozen food boxes). How can you attach things creatively?
- Draw a comic strip of your future life, give yourself a super power
- Make art about your favorite song
- Go for a walk and collect items you find, make art with them
- Follow along a 'how to draw' video on Youtube, [Art for Kids Hub](#) has many excellent videos!

Take a pic and send to dfegenherdman@pepcleve.org
